2140

The detailed plans and estimates for the work mentioned above have been called for from the Consulting Architect to Government, Madras. A set of plans have just been received in this office without the estimates and it is understood that the Consulting Architect has called for details regarding roads, culverts, etc. from the Executive Engineer, Mangalore, on receipt of which the detailed estimates will be furnished to this office.

The plans and estimates will be submitted to Government on receipt of detailed estimates from the Consulting Architect to Government.

Yours faithfully,

for Surgeon-General with the Govt. of Madras.

Ref: Govt.Memo.No.13520-L/50-1,Health,dated 3-3-50.

4643

With reference to para 3 of G.O.Ms.No.3408-PH. dated 26-9-1949, I forward herewith for the administrative approval of Government detailed estimates and plans for the various items of works proposed to be constructed for the Tuberculosis Sanatorium at Mudisheddi, South Kanara, since received from the Chief Engineer,Public Works Department(Buildings) Madras.

Owing to considerable increase in the cost of building materials and labour,it became necessary to revise the original estimate of Rs.3,90,800/- which was drawn up in the conditions prevailing early in 1948 (and submitted to Government with this office letter Ref.No.39299-B3-PW. dated 9-12-48) and also to cut down some of the items of works originally proposed taking up only the most essential items of works needed for a Sanatorium to start with. It has been decided to make provision for only one General ward of 18 beds to start with leaving out the Special wards (7 beds) for consideration later on, limiting the other items of works which are considered essential for the proper functioning of the Sanatorium as detailed in the General Abstract Estimate enclosed. The total Non-recurring expenditure for the construction of the Sanatorium is now estimated at 4.60 lakhs (exclusive of equipment estimated to cost Rs.40,000) and the question of recovering an additional donation of Rs.1,09,200/- now required over and above the original estimate of Rs.3,90,800/- for construction and equipment of the Sanatorium at Mudisheddi from the South Kanara District Branch of the Madras Provincial Welfare Fund will have to be considered in according administrative approval to the plans and detailed estimates now submitted.

Yours faithfully,

for Surgeon-Generalwith the Government of Madras.

Report to accompany the Estimate for the construction of Buildings for the T.B.Hospital at Mudisheddy in South Kanara District

---

Amount of Estimate - Rs.4.6 lakhs.

The Government in their G.O. Ms.No.3403-PH., dated the 26th September 1949 have approved the proposal of constructing a Tuberculosis Sanatorium at Muddasheddy in South Kanara District. The Surgeon-General in his letter Ref.No.39299-21-PW/48 dated the 13th September 1949 gave a list of the buildings as detailed below that would constitute the Hospital for the present:

1. One General Ward of 18 beds.
2. X-Ray Block.
3. Administration Block.
4. Operation Theatre.
5. Kitchen Block.
6. Quarters for one Civil Assistant Surgeon.
7. Quarters for one Civil Sub-Assistant Surgeon.
8. Quarters for three Nurses.
9. Quarters for two Nursing Orderlies.
10. Quarters for two thotties.
11. Incinerator.

2. The estimate for the scheme provides for all the items noted above. Provision has also been made for acquisition of land, providing external water supply and drainage arrangements, forming roads, besides Sanitary and Electrical installations to various buildings.

for CHIEF ENGINEER, PWD.,

GOVERNMENT OF MADRAS
Health Department
Memorandum No.17268 H-50-1,Health, dated 13th June 1950.

Sub:-Economy in expenditure - Medical Department.

The Government have examined the question of effecting economy in expenditure in the Medical Department in consultation with the Surgeon General and the Additional Chief Engineer and have decided that economies should be effected in the current year's allotment to the extent indicated below:-

17389

	Total saving. Rs.
(1) T.A. contingencies, apparatus and materials, etc.	60,000
(2) Diet, medicines and hospital necessaries	1,35,000
(3) Opening of primary centres	2,50,000
(4) Grant for the Maternity Hospital at Omandur (Tiruchirapalli District).	62,600

Copy, marked L3

The Surgeon General is requested to surrender the savings in respect of all the items except item (2) above.

2. The Government further consider that the provision made for "works" relating to the Medical Department should be reduced by Rs.11.45 lakhs as detailed in the annexure having regard to the inability of the Public Works Department to spend the full allotment, the reduction in the provision made for improvements to Taluk Headquarters institutions being taken at Rs.3/- lakhs.

The Chief Engineer is requested to surrender the savings mentioned above.

Health (L2)

Please see the memo. on pages 1–2 ante. L2 is concerned with the item mentioned at M onp 1 ante, namely 'construction of a T.B. Sanatorium and quarters in South Kanara'. The provision made in the budget for 1950-51 in respect of this item has been reduced by Rs. one lakh. There is a proposal to ask the Govt. to examine the point whether the T.B. Sanatorium in S. Kanara can be opened now on a small scale with the reduced provision allowed and with the contributions made by the Dt. Committees of the Madras Provincial Welfare Fund. This may be added to the file dealing with the above proposal.

Memo. no. 13520 L/50-8 Health 3/7/50

Tuberculosis — Construction of a T.B. Sanatorium in South Kanara.

From the SG. no. 22132-3 PW dt 24.3.50
Govt. memo. no. 13520 L/50-4 Health dt 27.4.50

The SG. is informed that the reply from the Secretary of the South Kanara District Branch of the Madras Provincial Welfare Fund to the Govt. memo. cited is still due. Pending the receipt of the Secretary's reply, a suggestion has been made that the execution of the construction work of the Sanatorium should be taken up as early as possible, and that at least the most essential buildings should be put up now with the funds available for the purpose; so that the Sanatorium may start functioning without delay. The SG. is requested to examine the suggestion in consultation with the South Kanara District Branch of the Madras Provincial Welfare Fund and to state whether it will be possible to make at least a beginning with essential buildings. If necessary, he may also examine the point whether Kutcha accommodation may be provided for the time being. In this connection

the SG is informed that in view of the orders of Govt. contained in memo no. 17268 H/50-1 Health dt 13/6/50, only a sum of Rs. 1 lakh will be available from Govt. funds for the Construction of the Sanatorium, instead of Rs. 2 lakhs provided for in the budget estimate for 1950-51.

2 The SG is requested to send a very early reply.

Sir,

Ref: Government Memorandum (Health Department) No. 13520-L/50-6, Health dated 7-6-1950

Re: T. B. Sanatorium at Moodushedde, Mangalore

The delay in replying to the Government Memorandum No. 13520-L/50-4, Health, dated 27th April 1950 was that we were here feeling not a little confused and worried about the changing estimates for the proposed T.B. Sanatorium at Moodashedde.

From a communication to me by the Surgeon General, Ref. No. 22132-9G2/50 dated 7-7-1950, we have now been given to understand that the Government is also willing to push ahead with the construction of the buildings within the funds available at present. We are extremely anxious that the execution of the construction work of the Sanatorium should be taken up immediately by putting up the most essential buildings for a working unit with the available funds. Rs 98,000 has already been paid by us to the District Medical Officer here, and with the grant from the Government, there will be a sum of Rs 2 lakhs available for immediate spending. I presume this amount is sufficient for starting a working unit of the Sanatorium.

We have suggested to the Surgeon General the following "pucca" and "kutcha" buildings for the present:-

A. Pucca Buildings

1. Administration Block, C.A. No. 281/1949 or C.A. No. 312/1949 — About Rs 37,000
2. Quarters for one Civil Assistant Surgeon - Class II. — About Rs 11,500
3. Quarters for 2 staff nurses — About Rs 10,000
4. Quarters for 1 compounder (clerk) — About Rs 5,000

B. Kutcha Buildings. (Temporary)

1. One general ward of 18 beds adapting the design of plan S.P. No. 93/48 for the proposed Temporary Twin Ward for Tamabaram Sanatorium — About Rs 16,000

or

2. A general ward of 18 beds adapting the design of C.A. No. 262/49 for Moodushedde, S. Kanara — About Rs 16,000
3. Kitchen — About Rs 5,000
4. Temporary buildings for 3 "thoties" — About Rs 3,000
5. Do. for 4 nursing orderlies (2 male and 2 female) — About Rs 6,000
6. Mortuary — About Rs 1,500
7. A well or bore-well — About Rs 1,500

NOTES. Regarding the essential buildings required for starting a working unit. I have written the Surgeon General that the above are only suggestions and that we are

D. Richardson.

we are agreeable to any changes or modifications that his vast experience in the field may indicate as necessary or desirable.

If we are permitted to execute the above works through a private contractor under the supervision of and in accordance with the specifications by the P.W.D., we will be able to construct the above buildings within the estimates given above.

As we know by experience and verification that the P.W.D. estimates are higher by at least 20% than the actual cost at which one can get the work done through a private contractor, we request you to kindly enable us to have the construction work done through private contractors, Of course, under the supefvision of the P.W.D. This will also cut short a lot of unnecessary delay in starting work on the buildings.

Hoping that the work of the Sanatorium buildings will be started with as little delay as is humanly possible and thanking you in anticipation,

Yours faithfully,

D. Ramachandra Rao

--

H 37.40 wpm I enclose herewith for the information of Government a copy of letter from the Secretary, South Kanara, District Branch of the Provincial Welfare Fund, and my reply to him.

2. A sum of Rs.98,000 has already been paid by the Welfare Fund. There is a provision of Rs.1 lakh in the budget for the Tuberculosis Sanatorium in South Kanara. These two amounts (Rs.1.98 lakhs) will be sufficient to make a start of the Sanatorium buildings.

H 35-40 wpm 3. According to my letter to the Secretary, South Kanara District Branch of the Provincial Welfare Fund, a sum of Rs.1,84,600 will be required for the buildings etc. referred to. The balance of the amount will be necessary for any unforeseen expenditure.

Yours faithfully,

for Surgeon General with the
Government of Madras.

18/8/50

Copy of letter dated 18-7-1950, from the Secretary, South Kanara District Branch of the Madras Provincial Welfare Fund, Mangalore, to the Surgeon General with the Government of Madras.

--

Your letter Ref.No.22132-9-G2, dated 7th July 1950 is very encouraging and we entirely agree with the suggestion or rather, we are anxious that the execution of the construction work of the Sanatorium should be taken up immediately by putting up the most essential buildings for a working unit, with the funds available at present.

Rs.98,000 has been paid by us already to the District Medical Officer here for the above purpose and with the grant from the Government, there will be a sum of over Rs 2 lakhs available for immediate spending. Of course, in due course, we will be remitting further amounts as and when collected.

The following buildings, we think, will be sufficient for starting a working unit, and can be constructed within the available amount.

A.Pucca buildings.

--

1.Administration Block. C.A.No.281/49 or C.A.No.312/49 about Rs.37,000
2.Quarters for on Civil Assistant Surgeon Class II about Rs.11,500
3.Quarters for two staff nurses about Rs.10,000
4.Quarters for one compounder(clerk) about Rs. 5,000

B.Kutcha Buildings (Temporary)

--

1.One general ward of 18 beds adapting the design of Plan S.P.No.93/48 for the proposed Temporary Twin ward for Tambaram Sanatorium about Rs.16,000

or

2.A general ward of 18 beds adapting the design of C.A.No. 262/49 for Moodusheddi, S.K. about Rs.16,000

3.Kitchen about Rs. 5,000
4.Temporary building for 3 "theties" (scavengers.) about Rs. 3,000
5.-do- for 4 nursing orderlies (2 male and 2 female) about Rs. 6,000
6.Mortuary about Rs. 1,500
7.A well or bore well about Rs. 1,500

23,000

Notes. For the present, some of the rooms in the Administration block can very conveniently be used for purposes for which regular buildings may have to be put up later.

As we have any amount of space available, nearly 600 acres - the temporary buildings can be put up in places elsewhere than those earmarked for particular buildings in the lay out plan prepared by the consulting architect. Later on, when expansion becomes necessary, these temporary buildings can be adapted as "special wards" etc.

A kitchen for the present can conveniently be built for Rs.5,000 and later on the pucca kitchen may be built. So also the buildings for theatres and nursing orderlies.

As can be seen from the estimates given above, a working unit can easily be started well within the amount available at present. If we are permitted to execute the above works, we will be able to construct them within the above estimated cost.

These are only our suggestions and I am to state that we are agreeable to any modifications and changes that you may kindly suggest in the matter regarding the essential buildings necessary or desirable, for establishing a working unit as early as is humanly possible.

I am also to request you to kindly obtain us the necessary permission to start work on the construction of buildings ourselves, through private contractors, under the supervision of and in accordance with the specifications by the P.W.D. This request is made, because for one thing, the work on the Sanatorium can be started without much delay and for another, there will be a saving of at least 20% in the cost estimated by the P.W.D. as those rates are atleast 20% higher than the rates at which we can get the work done through private contractors.

May I therefore once again request you to kindly sanction a modified scheme suitable for the immediate starting of a working unit of the Sanatorium and also enable us to have the buildings put up by us through private contractors under the supervision of the P.W.D.

True copy

for Surgeon General with the
Government of Madras.

Ref No.22132/G.2/54. Madras (6), 27th July 1950.

From

Dr.J.C.David, MBBS, Ph.D(Edin.),
Surgeon General with the Government of Madras.

To

The Secretary,
South Kanara District Branch of the Madras Provincial Welfare Fund, G.K.T.Street, Mangalore.

Sir,

Subject:--Establishment of a Tuberculosis Sanatorium at Mudisheddi, South Kanara District.

--

I have gone through your letter dated 18-7-1950 and I suggest the following scheme may be adopted for starting the Tuberculosis Sanatorium at Mudisheddi.

As at present situated a sum of Rs.1.98 lakhs is available to be used for constructing the Sanatorium and equipping it. Hence I would suggest the following:

(1) Buildings.

Administration block costing Rs.37,000.

In the Administration block (plan 281/49 [illegible] accommodation is available for housing X-Ray as well as the operation department. The front portion could be used for the Superintendent's room and the examination room could be used as the office for the time being. One of the rooms intended for the Matron could be used as laboratory and the other for Matron and linen. One wing may be used for X-Ray and another wing for operation room and its annexures. This will, to a large extent, obviate the difficulty of having pucca buildings for operation theatre, X-Ray and labsratory for the time being.

Quarters for one Assistant Surgeon, Class II	11,500
Quarters for 2 staff nurses	10,000
Quarters for one radiographer	10,000
Total	31,500

Wards.

I suggest that one ward of the twin variety that is built at Tambaram can be constructed at a cost of Rs.26,000. It will accommodate 40 patients.

4 special wards at a cost of Rs.5,000 each making a total of Rs.20,000. The total for the wards comes to Rs.46,000

Water, lighting and drainage have to be provided on a scale which will be commensurate with future extensions so that at any time an extension of this could be done without much inconvenience (Estimate Rs.20,000).

(2) Equipment will be as follows:

X-Ray plant	Rs.25,000
Operation table and other accessories	Rs.10,000
Laboratory equipment	5,000
Linen and bedding for 40 patients	2,000
Equipment for the wards(40 cots & 40 lockers)	7,600
Furniture etc. for office	1,000

Before the buildings are built, it is absolutely essential that the lay out must be drawn so that we know where exactly each building comes and future expansions can easily be put in their places.

It is not conducive to better work in the institution to have temporary quarters. The menial staff should be permitted to put their own huts in the adjoining area so that it does not come in the way of future extensions, till such time as the quarters are built for them by the Institution.

Yours faithfully,

for Surgeon General with the
Government of Madras.

Letter No.3870 PWW/49-37 Dated 25th September 1950.

Sir,

Sub: Buildings - South Kanara District - Opening of a Tuberculosis Sanatorium at Muddshedde - Construction by the South Kanara District Branch of the Madras Provincial Welfare Fund-re:

Ref: (1) G.O.Ms.No.3403 P.H. dated 26-9-49.
(2) G.O.Ms.No.3096 P.H. dated 5-9-50.

ASSISTANT SECRETARY 27 SEP 1950 HEALTH DEPARTMENT

33172

In the G.O. first read above, Government sanctioned the construction of a Tuberculosis Sanatorium at Muddshedde in the South Kanara District at an estimated cost of Rs.3,90,600/- and accepted for the purpose a donation of Rs.167607-4-6 from the South Kanara District Branch of the Madras Provincial Welfare Fund subject to the following, among other conditions:-

(1) that the balance of the amount required for the purpose will be met from the Provincial funds,

(2) that the buildings will be constructed by the Public Works Department,

(3) that the South Kanara District Branch of the Provincial Welfare Fund should meet any additional expenditure that may be required for the opening of the Sanatorium including its equipment,

(4) that the buildings after completion, and the land offered by the donors, if accepted will become the absolute property of the Government.

2. A sum not exceeding Rs.2500/- was also sanctioned in G.O.Ms.No.3431 P.H. dated 27-9-49 towards expenditure for the laying of the foundation stone for the above sanatorium buildings, and that ceremony was performed by the Hon'ble the Chief Minister on 23-10-49.

3. Thereupon, field data were collected and the detailed plans and estimates were prepared and submitted to Government through the Surgeon General for obtaining necessary administrative approval as required in para (3) of G.O.Ms.No.3403 P.H. dated 26-9-49.

4. In the G.O.3096 P.H. dated 5-9-50 second read above, Government have now revised the orders in the G.O. dated 26-9-49 referred to above, and have permitted the South Kanara District Branch of the Madras Provincial Welfare Fund to construct the essential buildings relating to the Sanatorium, subject to the conditions that:-

(a) the designs, etc. of the buildings are in accordance with the Public Works Department specifications and

(b) the construction is done under the supervision of the Public Works Department Officers.

It is also stated in para (2) of that G.O. that the Government will..

will not provide any additional sum from the State funds for the construction of the buildings over and above the sum of Rupees one lakh already provided in the Budget for 50-'51 for the purpose.

5. The conditions (a) and (b) referred to in para (4) above are almost the same as were prescribed for the acceptance of donation works prior to the issue of G.O.Ms.No.4331 P.H. dated 24-12-48 liberalising the conditions of acceptance of donation works. But, in those cases, no contributions from State funds were involved.

6. In this connection, I invite attention to this office letters No.2149 PWI/46-16 dated 19-11-47 and 2149 PWI/46-17 dated 2-2-48 leading to the issue of Government Memo No.5780 D3/47-20 P.H. dated 29-12-48. In the case referred to in the above cited correspondence Sri G.K. Devarajulu Naidu, a private gentleman of Coimbatore whose donation for the construction of a Women and Children Hospital at Coimbatore was accepted by Government, later desired to get a contribution from State funds. But the proposal of giving any state aid was dropped by Government and the donor was allowed to construct the buildings from his donation amount alone vide correspondence resting with Government Memo No.27597-H/50-1 Health dated 31-8-'50.

7. The proposed Tuberculosis Sanatorium at Mudushedde is a part contribution work involving state funds amounting to Rs.1 lakh. Ordinarily, such works are to be executed by the Public Works Department. But now that Government have permitted the South Kanara District Branch of the Provincial Welfare Fund (the donors, in this case) to execute this work under P.W.D. Supervision, the procedure to be adopted in this case needs clarification. It is presumed that some sort of an agreement has to be taken from the donors, say on the lines suggested in this office letter No. 2149 PWI/46-17 dated 2-2-48 referred to in para 6 above, so that Government interests may be safeguarded. It is also presumed that payment from the Government contribution will have to be made only after the total value of the work done exceeds the donation amount offered by the donors and that such payment from Government funds is to be made by the Executive Engineer, Public Works Department after passing bills at that stage.

8. It is mentioned in the G.O.3096 Health dated 5-9-50 that the design etc. of the buildings should be in accordance with P.W.D. specifications. It is to be noted that detailed plans with specification and estimates have already been prepared by the Public Works Department in this case and submitted for administrative approval by Government. I would suggest that these plans and estimates are approved by Government for adoption by the donors

9. It is not known if the donors, in this case, will be employing any qualified Engineers of their own to assist them in the construction work. If not, departmental supervision will have to be as for regular Government works necessitating constant attention by officers of this Department, and their Travelling Allowances and other allowances will have to be admitted as for such works. The position regarding this may also please be clarified.

10. Orders are also solicited regarding recovery of centage charges for preparation of plans and estimates and for departmental supervision of the work during execution. As the Secretary of the South Kanara District Branch of the Provincial Welfare Fund has already addressed this office (with reference to the orders in G.O.No.3096 Health dt.5-9-50) for supply of copies of necessary plans etc., pertaining to the work, I request the favour of very urgent orders clarifying the points raised in paragraphs 7 to 9 above.

R. Lakshmanan 26/9/50

ASSISTANT SECRETARY 1 OCT 1950 HEALTH DEPARTMENT

Sub:- TUBERCULOSIS - Construction of a Tuberculosis Sanatorium at Moodisheddi, South Kanara.

Ref:- Government Memorandum No.33172-L/50-1 Health dated 13-10-1950.

36492

I discussed the points arising with the Secretary, Provincial Welfare Fund, South Kanara. The Executive Engineer, was also present. Paras 1 to 6 do not need comment.

Para 7. The presumption of the Superintending Engineer is correct. As the money so far collected by the ~~Bank~~ Provincial Welfare Fund has also been handed over to the Government, all payments from commencement of building operations will have to be made by the Executive Engineer, Public Works Department who will have to pass the bills.

Para 8. The Executive Engineer is aware of the slight alterations to the plan of the ward suggested by me to be put up and will take necessary steps to have the modified plans approved early.

Para 9. The Executive Engineer informs me that if he is to supervise the building, a supervisor will have to be sanctioned. This has not been done. So he presumes that the supervision to be exerted by him will not be as for regular Government work. There is a retired Engineer, one Mr. Keshav who is going to be in main charge of the building operations.

p.t.o.

Para 10. This may be waived as the work is not to be a departmental construction.

Yours faithfully,

Surgeon-General with the Government of Madras.

ASSISTANT SECRETARY
23 DEC 1950
HEALTH DEPARTMENT

Letter No.3870 Pww/49-42 dated 21-12-1950.

BUILDINGS - Medical - Tuberculosis Sanatorium - Mudishedde - S.K.District - Construction of - regarding -

Ref: 1. This Office letter No.3870 Pww/49-37 dated 25-9-1950.
2. This office letter No.3870 Pww/49-39 dated 29-11-1950.
3. Government Endorsement No.43328 L/50-1 dated Health 7-12-1950.

Consequent on the issue of G.O.No.3096 Health dated 5-9-1950, orders of Government were sought for in this office letter dated 25-9-1950 first read above, on certain points such as the levy of centage charges, and the adoption by the Provincial Welfare Fund, of the detailed plans and estimates for the work previously prepared and submitted to Government through the Surgeon-General for administrative approval as per the original orders (in G.O.No.3403 P.H. dated 26-9-1949). In their Endorsement dated 7-12-1950 quoted above, Government have stated, in reply to this office reminder, that the matter is under their consideration.

2. The Treasurer of the Provincial Welfare Fund, South Kanara District Branch, Mangalore has since forwarded to this office plans and estimates prepared by a private Engineer for technical sanction. He has also stated that tenders have already been called for in respect of one sub-work and has, therefore requested early technical sanction to the plans and estimates concerned.

3. As it was considered advantageous to the Provincial Welfare Fund to adopt the plans and estimates already prepared and scrutinised by this Department for the work concerned, rather than get fresh plans and estimates prepared by a private agency was suggested in this office letter to Government No.3870 Pww/49-37 dated 25-9-50 that directions might be issued to that effect. But as the Provincial Welfare Fund authorities have since started preparing their own plans and estimates and this Department has only to satisfy that they are in accordance with approved specifications, as per the orders contained in paragraph 1(1) of G.O.No.3096 Health dated 5-9-1950, it is no longer necessary to issue any directions for adoption of the plans and estimates previously prepared by this Department and referred to above. I am taking necessary action to consult Surgeon-General and scrutinise the plans and estimates sent by the Provincial Welfare Fund and to accord technical sanction thereto, as requested by the Treasurer, so that the work may be proceeded with expeditiously.

4. Orders of Government may, in the circumstance, be issued on the other points regarding levy of centage charge etc., mentioned in this office letter under reference at an early date.

S i r,

In accordance with the permission granted to this Committee to construct the essential buildings of the T.B. Sanatorium at Moodashedde, we called for tenders and have accepted the most favourable one from among the tenders received.

The construction work has also started in that the contractor has begun gathering necessary materials and quarrying stones.

Bores are being dug on the site to find out suitable place or places for digging regular wells.

We have to make fortnightly payments to the contractor for the work done. Hence may I request you to be kind enough to re-transfer us the sum of Rs.98,107-4-6 paid by us through the District Medical Officer at Mangalore as per instructions in the original G.O. Ms. No. 3403, Public Health, dated --- 26-9-1949.

Further we would also thank you to enable us to have the promised grant for this year by the State of a sum of Rs. One Lakh at an early date. In case this grant amount cannot be transferred to us immediately, please let us know urgently the procedure for receiving the same from the State. I would like to be informed in what manner and in what stages and from which office we can receive this grant. As the --

work has already started and the demands for payment is increasing, kindly treat this as urgent.

Thanking you.

Yours faithfully,

Secretary.

Health Dept.(L).

From the Secy. S.K.Dt. Branch of M.P.W.F. dtd 22.1.51

With reference to the points raised by the C.E.(Bldgs.) in his letters cited above in respect of the construction of the Tuberculosis Sanatorium at Moodishedde, South Kanara, he is informed as follows:-

(i) Execution of work: With reference to the orders in paragraph 2(e) of G.O.No.4331 P.H. dated 22-12-48, this work being a part contribution work should be executed under the supervision of the P.W.Department. Such supervision need not be as for regular Government work.

(ii) Plans and estimates: The Government agree to the proposal that the P.W.Dept. may scrutinise the plans and estimates for the work and accord technical sanction thereto after satisfying itself that they are in accordance with approved specifications.

(iii) Pay-ment of bills:- All payments should be made by the Executive Engineer after passing bills, Such payments should be restricted to the contributions actually credited by the South Kanara District Branch of the Madras Provincial Welfare Fund to the he-ad "XXXIX - Civil Works" plus the Govt.'s part of the expenditure upto to Rs.1 lakh during 1950-51.

(iv) Centage charges: Attention is invited to the orders in G.O.No.2938 P.H. dated 26-8-48 and paragraph 2 (e) of G.O.No.4331 P.H. dated 22-12-48. With reference to these orders no centage charges should be levied for this work.

In G.O.No.3403 P.H. dated 26.9.49. the Govt. approved the proposal for the construction of a T.B. Sanatorium at Mudisheddi in the South Kanara District at a cost of Rs.390,800/-. The Govt. also accepted the offer of a donation of Rs.267607-4-6 made by the South Kanara Dist. Branch of the Madras Provincial Welfare Fund towards the construction of the Sanatorium, subject to the conditions specified in the G.O. at pp.55-56 c.f. (M).

ibid

2 The S.G. has now forwarded detailed plans and estimates relating to the work as required in para 3 of G.O. No.3403-P.H. dated 26.9.49. The plans and estimates have been kept below. S.G. states that the original estimate of Rs.390,800/- which was drawn up in the conditions prevailing early in 1948 had to be revised and that he had to omit some of the items of works needed for the sanatorium to start with. The S.G. now proposes to make provision only for one general ward of 18 beds, as against the original proposal to provide for one general ward of 18 beds, one special ward of one bed and three special wards of 2 beds each. He considers that the question of opening special wards may be taken up later. Other items of works which are considered essential for the proper functioning of the sanatorium have been detailed in

in the estimates below. The total non-recurring expenditure for the construction of the building is now estimated at Rs.4.6 lakhs exlusive of equipments which are estimated to cost Rs.40,000/-. The S.G. suggests that while according administrative approval to the plans and detailed estimates now submitted the Govt. may consider the question of recovering from the Dist. Welfare Fund an additional donation of 1,09,200/- required over and above the original estimate of Rs.390,800/- for construction and equipment of the Sanatorium.

A reference is invited to the note on pages 13-14 n.f. of the G.O. at (M) and to para 2 of G.O. No.678 Food dated 30.7.49. As pointed out in the note on page 14 n.f. of (M) the sum of Rs.1.23 lakhs ordered to be paid out of the amount taken over from the South Kanara Central wholesale Stores may be regarded as Govt. contribution towards the construction of the Sanatorium. The question of meeting any further expenditure towards the construction of the Sanatorium from the state funds will arise only if the Dist. Branch of the Welfare Committee is not able to meet the excess expenditure. The Committee may be consulted as suggested by the S.G. ~~A draft memo. is submitted for approval. The file may be circulated to H.M.(Agri) with reference to his minute on page 1 ante.~~

It seems also necessary to inform the Committee that the Sanatorium will have only 18 beds to start with leaving out the question of construction of the special wards later on. A draft memo is submitted for approval. The file may be circulated to HM (Agri) with reference to his minute on page 1 ante.

[Issued as memo. no. 13520 L/50 - 5 Health dated 6-5-50.]

SPECIAL. Secy., Health.

Please let me know whether the building work in regard to the T.B. sanatorium at Moodshedde, Mangalore, has been taken up and at what stage it is at present.

6/6/50
H.M.(Agri)

16 DEC 9K

DEPUTY SECRETARY
6 JUN 1950
HEALTH DEPARTMENT

Health (L)

With reference to H.M.(Agri)'s minute above, it is submitted that the building work has not yet been started. The S.G. has sent revised plans and estimates for the work which involve additional expenditure. The Secretary, South Kanara District Branch of the Madras Provincial Welfare Fund, has been asked to state whether the Branch will agree to meet this additional expenditure vide memo. on page 19 cf. This reply is awaited.

The progress of this work was last seen by H.M.(Agri) on 2.5.50 — vide pages 2-4 ante. As H.M. has agreed to the progress being shown to him every 2 months, the next progress report will be submitted early in July 1950.

(H.M.(H) need not see the file. It is now)
6/6/50

H.M.(Agri)

I asked for this information on account of the present proposals for economy in expenditure. The capital expenditure sanctioned by Govt. for this sanatorium comes out of the rice penalty amount

collected in South Kanara district and Rs.1 lakh of this amount is now being cut. This is a Part II scheme of 1949-50. The execution of this building work should be taken up as early as possible. The amount collected by the people in the district will suffice for atleast a portion of this building work. The S.G. may be asked to make further suggestions regarding the most essential buildings which may be put up now with the amount available for the purpose. The Secretary of the District Branch of the Provl. Welfare Fund, South Kanara, may find it difficult to make further collections unless the execution of the work is taken up and the sanatorium starts functioning in however small a small way. The laying of the foundation-stone of the building by H.C.M. when he visited South Kanara in October last had created a great deal of enthusiasm among the people. The people of the district will be very much disappointed if the execution of the work is delayed further.

7/6

DEPUTY SECRETARY 1950 HEALTH DEPARTMENT

Please see the minutes of H.M.(Agri) above.

2. The Government have accepted the proposal for the establishment of a Tuberculosis Sanatorium in Moodishedde, South Kanara, on the following basis:-

(i) The sanatorium will have 25 beds to start with, consisting of 1 general ward of 18 beds, 1 special ward of 1 bed and 3 special wards of 2 beds each.

(ii) The cost of construction of the sanatorium with 25 beds will be Rs.3,90,800, of which The South Kanara District Branch of the Madras Provincial Welfare Fund will donate Rs.2,67,607-4-6 and the balance of Rs.1,23,192-11-6 will be met by the State.

(iii) Any additional expenditure incurred on the construction of the Sanatorium (including provision of equipment) will be met by the South Kanara District Branch of the M.P.Welfare Fund.

3. The Surgeon General has since sent revised estimates for the construction of the sanatorium. He proposes to make provision for only one general ward of 18 beds for the present. Even in respect of this ward with necessary staff quarters etc. the expenditure has been estimated at Rs.5 lakhs, which exceeds the orginal estimate by Rs.1,09,200. As the South Kanara District Branch of the M.P.W.Fund should meet this extra expenditure as per the orginal plan, the Branch has been asked to state whether it would agree to meet it. Its reply is awaited.

4. In his minute on pages 5-6 ante H.M.(Agri.) states that the capital expenditure sanctioned by Govtl for the sanatorium comes out of the rice penalty amount collected in South Kanara district and Re.1 lakh of this amount is now being cut. Presumably H.M.(Agri.) is referring to the amount mentioned at A on page 6 ante. It is submitted that this amount represents one half of the penalty amount collected from the South Kanara Central Stores for late delivery of food grains which was ordered to be utilised towards capital expenditure on the T.B. sanatorium in South Kanara. As the Collector of South Kanara was asked by the Govt. to credit this amount to the State revenues, it was not considered necessary to make any reference to this in the G.O. sanctioning the opening of the T.B.Sanatorium in Moodishedde. Thus the order as it stands provides for the expenditure of Rs.1,23,192-11-6 from State funds on the sanatorium.

In view of the decision referred to at X above only Rs.23,192-11-6 will be available from the State funds for the construction of the T.B.Sanatorium.

S. H.M.(Agri) has also suggested xx that the execution of this building work should be taken up as early as possible, that the amount collected by the people in the S.Kanara Dt. will be sufficient for at least a portion of this building work and that the S.G. may be asked to make further suggestions regarding the most essential buildings which may be put up now with the amount available for the purpose. It is subd. that the South Kanara Dt.Branch of the M.P.Welfare Fund has actually paid so far only Rs.50,000/- as part of its donation. It is not clear whether the Committee has made further collections since then. Thus, so far as information is available in the Secretariat a total sum of Rs. 73192-11-6 (Govt. funds Rs. 23,192-11-6 and Rx. Dt.Branch's donation of Rs.50,000) is available at present. Even for putting up a general ward with 18 beds and staff quarters etc. the S.G. has estimated the cost at Rs.5 lakhs (inclusive of cost of equipment). As xx the sanatorium should have at least 18 beds as now proposed, xx the S.G. may perhaps be asked to state whether any reduction in expenditure can be made xx in respect of staff quarters, administration block etc. and whether it will be possible to make at least a beginning with essential buildings with the amounts now available. If necessary the S.G. may also be asked to consider the question of putting up kutcha accommodation for the present. For orders.

6. The file may be sent to Finance for remarks before circulation to H.M.(H.)

Issued as Memo. No.13520 L/50-7 Health dated 25-7-50.. = p 35 cf
From the S.G.No.22132-11G2/50 dated 27th July 1950. ff 36-40 cf

---

The file relates to the opening of a Tuberculosis Sanatorium in South Kanara. It has now been suggested that the sanatorium may be started with essential buildings utilising the funds readily available for the purpose. Please see the S.G.'s proposals in this regard at pages 36-40 c.f.

2. The S.G. reports that a sum of Rs.98,000 has already been paid by the S.Kanara Dt.Branch of the M.P.W. Fund and that there is a provision of Rs.1 lakh in the budget for the T.B. Sanatorium. He states that both these amounts will be sufficient to put up essential buildings and start the sanatorium. para 2, p36 cf

3. The S.G. has proposed that the following buildings/may be put up for the time being:- etc. ff 35-40 cf

Administration Block.
Quarters for 1 C.A.S.(Class II), 2 Staff Nurses and 1 Radiographer.
1 twin general ward (40 beds) and 2 special wards.
Water supply and drainage.
Equipment.

He has worked out rough estimates for the above buildings and hopes that the available amount of Rs.1,98,000 will be sufficient for the purpose.

4. The S.G. has not stated as to who should put up the buildings. The South Kanara Branch of the M.P.W.Fund have offered to put up the buildings through private contractors according to P.W.D. specifications and under the supervision of the P.W.D. officers. But in the G.O. approving the proposal for the establishment of the Sanatorium in S.Kanara, the Govt. have stated that the buildings will be put up by the P.W.D. If the buildings are to be put up by the P.W.D. it may be necessary to have detailed estimates. Perhaps the detailed estimates already furnished by the S.G. at pages 7-17 c.f. may be utilised for the present buildings with suitable modifications. According to these detailed estimates the cost of buildings etc. now proposed will be as shown below. The rough estimates furnished by the S.G. are also shown alongside for comparison.

	S.G's estimate	Detailed estimate
Administration Block	Rs. 37,000	Rs. 76,800
Quarters - 1 C.A.S.(Cl.II)	" 11,500	" 18,000
" 2 Staff Nurses	" 10,000	" 19,300
" 1 Radiographer	" 10,000	" 10,000
1 twin general ward (40 beds)	" 26,000	" 64,800
4 special wards	" 20,000	" 20,000
Water Supply, drainage etc.	" 20,000	" R25,000
Equipment.	" 50,600	" 50,600
	Rs. 185,100	Rs. 284,500

The above statement shows that it will not be possible to have constructed the essential buildings etc. within the amounts now available.

5. As the S.Kanara Branch is anxious to have the buildings put up as quickly as possible and as it is prepared to undertake construction according to P.W.D. specifications and under the supervision of P.W.D. officers to the St. Branch undertaking the work and the Govt. may perhaps agree to this / it. This will serve as an incentive to the S.Kanara Branch to collect more money quickly so as to meet any extra expenditure on the construction of essential buildings. It may be made clea

to the Branch that Govt. will not provide any additional funds for the construction of the buildings, over and ~~xxx~~ above Re.1 lakh already provided in the budget for the purpose. P.W.D. and Finance may see for remarks. 4/8/50 A

6. As regards staff and other maintenance charges in respect of the sanatorium, the S.G. may be asked to submit necessary proposals at an early date. 4/8/50 C

May be sent to P.W.D. and Finance

~~xxxx~~ TMB 1.8.50 MM 1.8.50

Tuberculosis - Construction of a T.B. Sanatorium at Moodishedde, South Kanara.

Please see the letter from the C.E. (Buildings) on pages 1-2 cf and the SG.'s remarks on pages 3 and 5-6 cf re. the Construction of a Tuberculosis Sanatorium at Moodishedde South Kanara.

2. About the end of 1948 the Surgeon General submitted proposals for the establishment of a Tuberculosis Sanatorium in Moodishedde, South Kanara District. The cost of construction of buildings and other non-recurring items was estimated at Rs. 3,90,800/-. The proposal was that the South Kanara District Branch of the Madras Provincial Welfare Fund should meet the entire non-recurring cost and that the Govt, the maintenance charges of the Sanatorium. When this proposal was under consideration the Food Dept issued orders in Go. no. 678 Food dt 30.7.49 that a sum of Rs. 1,23,192-11-6, representing one half of the penalty amount collected from the South Kanara Central Stores for late delivery of food grains should be utilised towards the capital expenditure on the TB Sanatorium in South Kanara District. As this sum had been credited to the Govt and as this sum was

intended to be spent on the construction of the Sanatorium, the Govt. while approving the Scheme for the establishment of the Sanatorium, directed that the South Kanara District Branch would meet an expenditure of Rs. 2,67,607-4-6 and the Govt. would meet the balance (Rs 1,23,192-11-6) of the total estimated non-recurring expenditure. The Govt. also directed that

H 55-56 of (M)

M p 55 of (M)

i) that the buildings should be constructed by the P.W.D.;

Condn (i), p 55 of (M)

ii) that the S. Kanara District Branch should meet any additional expenditure which might be required for the opening of the Sanatorium including its equipments; and

Condition (ii), p 55 of (M)

iii) that, on completion the buildings should be handed over to the Govt. for maintenance.

Condition (iii) p 55 of (M)

3/ Detailed plans and estimates for the buildings were received only in March 1950. According to these estimates the cost of the buildings exceeded the originally estimated cost by Rs 1,09,200/-, which amount the South Kanara District Branch should bear. As it was considered that the Sanatorium should be opened as quickly as possible, at least on a small scale, and as the District Branch volunteered to undertake construction of essential buildings work according to P.W.D. specifications and under the supervision of P.W.D. officers the Govt. agreed to the construction being left to the District Branch subject to the conditions mentioned at A above. In the meantime certain references to orders had been

p 7 of (G)

para 5, p 11 of (G) as to construction would involve delay

A

p 41 of (G)

issued vide Revn. no. 17268 H - 50-1 Health dt 13.6.50 that in order to effect economy in State expenditure the provision for expe. from Govt funds for the construction of the T.B. Sanatorium at Moodishedde made in the Budget for 1950-51 should be limited to Rs. 1 lakh. With refce. to this memo, it was the S. Kanara District Branch was told that the Govt. would not provide any additional sum from State funds for the construction of the buildings of the Sanatorium, over and above Rs. 1 lakh already provided in the budget for 1950-51 for the purpose. The intention was that the remaining sum Rs. 23,192-11-6 already promised as M and P assts should be paid subsequently.

4. In this letter on pages 1-2 of the C.E. (Buildings) has raised certain points in regard to the procedure to be adopted for the Construction of the buildings now entrusted to the S.K. Dt. Branch. The remarks of the S.E. are on pages 3 and 5-6 of. They are examined below:-

(i) As the proposed T.B. Sanatorium at Moodishedde is a part contribution work involving State funds, the C.E. (Bldgs) states that such works are to be executed by the P.W.D. This subs. that this statement is not quite correct. With refce. to para. 2 (e) of Lr. no. 4331 P. H dt 22.12.48 if a work is executed partly with donation and partly with the aid of Govt. grants, such execution should be under the supervision of the Public Works Dept. In the present case also the work is to be executed under the supervision of P.W.D.

A of para 7, p2 of

page 2 (P)

K

no action is called for on this point. This may be printed and kept

(ii) The C.E (Plds) presumes that some sort of an agreement has to be taken from the donors on the lines indicated in his letter dt 18.7.48, which is extracted below:— B on p 2 cf 18/12/48 — A on p 55 cf of Lr. 2583 P.H dt 18.7.48,

> " The agreement to be enetered into by the donor need not be in the standard agreement form of the Public Works Department. But an agreement with rates and specification for materials will be necessary in any case as Govt. are bearing half the cost of the work. It is necessary that specifications are followed, if particular rates are to be billed for. If the work is not according to the Public Works Department standards, the rates should be reduced and the Govt.'s share adjusted suitably provided the structure is not unsound. The Superintending Engineer, Coimbatore circle should be made the sole authority to decide whether the work has been done according to Public Works Dept. standards and what reduced rate should be allowed for the various items of work if they are not upto the Public Works Dept. standards, but yet can be accepted with due regard to the structural soundness."

para 2 p 55 cf (A)

The SG. has not offered any specific suggestions as to the actual type of agreement which should be entered into. He merely states that the CE.'s presumption is correct. The SG. has discussed the points with the Secy of the S. Kanara District Branch and the Executive Engineer (I Division) The following may perhaps be prescribed as an additional condition now:—

para 2, P5 cf

para 1, P5 cf

" The ~~rates and~~ Specifications for materials for the construction should ~~with~~ conform to the P.W.D. Standards ~~and the rates shall be subject to the sanction of the P.W.D.~~ ~~If the work is not according to P.W.D. Standards the rates should be~~

/A 4 18/12/48

(iii) The CE presumes that payment from Govt contribution will have to be made only after the total value of the work done exceeds the donation amount offered by the donors and their C on p 2 cf

such payment from Govt. funds is to be made by the Executive Engineer after passing bills at that stage. The

para 2, P5 cf SG. states that as the money so far collected by the Dt Branch has also been handed over to the Govt, all payments from the Commencement of building operations will have to be made by the Executive Engineer who will have to pass the bills.

In paragraph 2 of Lgo no. 3403 P.W. dt 26.9.49 the SG. has been requested to collect the contributions offered by the S. Kanara District Branch and to credit it to "XXXIX - Civil works". Accordingly the donations collected by the S. Kanara Dt. Branch are being credited to this head. Therefore as suggested by the SG, it may be prescribed that all payments for construction purposes should be made by the Executive Engineer after passing bills with the addition that these payments should be restricted to the contributions actually credited by the Dt Branch to the head "XXXIX - Civil works" plus the Govt's part of the expre. upto Rs 1 lakh during 1950-51.

Fr 55-56 cf (M)

A 4 18/4/50

(iv) The CE suggests that the plans and estimates prepared already by the P.W.D. for the Sanatorium may be adopted by the Dt. Branch while executing the work. The SG. reports that the Executive Engineer is aware of the slight alterations to the plans suggested by him and that he will take necessary steps to have the modified plans approved early. no action seems necy. on this point.

para 8, P2 cf

para 3, P2 cf

4 18/4/50

para 9, P2 cf

(iv) The C.E. doubts whether

the donors will be employing any qualified Engineers of their own to assist them in Construction work. If not, the CE. para 9, P2 cf states that departmental supervision as for regular Govt. works necessitating constant attention by officers will be necessary. The Sh. reports that there is a retired Engineer who will be in main charge of construction. The Sh. also states that as no special supervisor has been sanctioned for the work, the Executive Engineer presumes that supervision to be exerted by him will not be as for regular Govt. work. The Sh. may be told that the Ex.E's presumption is correct. 18/12/50

(vi) The CE solicits orders para 10, P2 cf regarding recovery of centage charges for preparation of plans and estimates and for departmental supervision of the work during execution. The Sh. recommends that P1 - P6 cf centage charges may be waived, as the work is not to be a departmental Construction which is a donation work. It is submd. that even if the work is executed departmentally, centage charges should not be levied with reference to the orders in G.O. 2938 P.H dt 26.8.48 and Paragraph 2(e) of G.O. no. 4331 P.H dt 22.12.48. The Sh.'s attention may be invited to these orders and he may be told that no centage charges shall be levied in this case. 18/12/50

5 May be sent to P.W.D and Finance for remarks.

ASSISTANT SECRETARY TO GOVERNMENT
4 - JAN 1951
FINANCE DEPARTMENT

Fin. Escp. C.

The S.G. had submitted proposals for the constn of a T.B. Sanatorium in Moodisheddi, S. Kanara District, as early as 1948. The estimated cost together with other non-recurring items amounted to Rs 3,90,800 The proposal was that the S. Kanara Dt. Bd of Madras Prov & Welfare Fund should meet the entire non-recurring cost and that the Govt should meet the maintenance charges of the Sanatorium. While such a proposal was under consideration it was decided in G.O.No. 678 Food-dt 30-7-49, that a sum of Rs 1,23,192-11-6ps representing one half of the penalty amount collected from the S. Kanara Central Stores for late delivery of food grains be utilised for the Captial Expd re towards the constn of T.B. Sanatorium in S. Kanara Dt. The Govt while approving

Pp. 1-4 C.F of (M)

'G' on p. 26 C.F of (M)

P 4 N.F of (M)

'R' on p. 47. C.F of (M)

the scheme for the establishment of the Sanatorium, directed that the S. Kanara Dt. Branch would meet an expenditure of Rs 2, 67, 607-4-6ps and the Govt would meet the balance of Rs 1,23,192-11-6ps subject to the conditions specified in G.O.Ms.No 3403 PH. dt 26.9.49. The detailed plans and estimates for the bldgs were received only in March 1950, evidently the estimate exceeded the orginal estimate by Rs 1,09,200/- Subsequently in Memo no 19268 H-50-1 Health dt 13.6.50 orders were issued to effect economy, according to which the provision in the Budget of 50-51 towards the Constr^n of T.B. Sanatorium was limited to Rs 1 Lakh, thus the remaining amount of Rs. 23,192-11-6 promised at 'A' above was to be paid Later.

P 26. C.F of (G.)

no. 1. of Annexure on p 26 C of (G.)

C

With regard to the procedure to be adopted for the constr^n of the bldgs now entrusted to S. Kanara Dt. Bd, the C.E Bldgs has raised certain points. The remarks of the S.G. are found on pp 5-6. C.F. the relevant points are:- ① In the present case the work is to be executed under the supervision of the P.W.D. The following additional condition may be prescribed viz. the specifications for materials for the constr^n should conform to the P.W. Standards and the rates should not exceed P.W.D Rates.

Pp 1-8 C F

Pp. 2 H-a & b on P 1 C.F 'A' on P 4 above ... or d

② The C.E's presumption that an agreement in the lines indicated in his letter on 59 C.F of G.O. 2583 P.H dt. 18.7.49 has been concurred by the S.G.

para 7 of P 2. C.F & ... P.S C.F

As the donations have been credited to the head XXXIX Civil Works, the payments for constr^n purposes should be made by the E.E. after passing the bills as indicated at 'A' on p. 5 above.

para 2 of P 5 C.F

The E.E. is aware of the slight alterations in the plans suggested by the S.G., evidently the S.G. will take necessary steps to have the modified plans approved early

1 2 3 of P 5 C F

⑤ A retired Engineer is to be in charge
Trans 4 of p 5 C.F of the bldg constrn, but the Supervision
exerted by the E.E. will not be ~~the same thing~~ as for regular Govt
work.

⑥ Lastly, the Centage charges are to
Trans 5 of p.6 C.F be waived ~~as the Constn is not a department at one~~ with reference to the
general orders in G.O. 4331, Health, 22-12-48.
P.W. agree to 'K' on p. 3 above
and 'X' on p.6 above (viz) points 1 and
6 respectively. This deptt may
also agree to the specified points.

Fin. No. 746 Exp. C
12.1.51

P.W.D. and Finance (Health above) have
agreed to this Deptt's proposals on pages
1-6 ante. Please see the C.E. (Bldgs)
further letter on p. 7 C/f which was
received after this file was sent to
P.W.D. and Finance. In the circumstance
stated in paragraph 3 of this letter on
p 7 C/f, it does not appear that
A on p 4 ante need be prescribed as
a condition. In the reply to be
sent to the C.E. & S.G. with copy to
the South Kanara District Branch of
the M.P.W. Fund, it may be stated
inter alia that the Govt. agree to
the proposal that the P.W. Deptt. may
Scrutinise the plans and estimates for
the work and accord technical Sanction
thereto after satisfying itself that

'A' on page 2 ante.

In the estimate of the Electrical Engineer (GR) in this file, he has reported that the estimate provides for the electrification of the T.B. Sanatorium, Mudushedde including provision of street lights and power mains to pump sets to the wells inside the Sanatorium. Again in the revised estimate of the Electrical Engineer (G1) in the top file he states that the provision made in in the estimate includes provision of street lights and power mains to pump sets to the wells inside the Sanatorium. In the circumstances, no reference to the D. seems necessary. P.W.D. may perhaps ~~advise~~ see.
